

Exciting opportunities to join the CASS team!

We have four opportunities to drive change in Bristol by joining the CASS team as one of our three Networkers, or as our Project Manager.

CASS is a unique service that works with community, equality and faith groups to improve knowledge, confidence and awareness of mental health and emotional wellbeing, and improve links to services in Bristol. Find out more about CASS [here](#), and our recent work [here](#).

The work we do links community resilience and development, equalities, and access to mental health services – all of which are more critical than ever as we recover from the pandemic and consider ways to build a more equal world.

As a **Networker**, you will have a key role in engaging groups to increase their confidence and awareness of mental health and emotional wellbeing: maintaining relationships with community groups and equality groups; delivering workshops and events; and creating projects that will support groups to get their members involved in talking about mental health. Each Networker will take on a specialism around an equality strand, and we welcome applications from those with lived experience around equalities, and/or who are already embedded in a locality through work, volunteering or their personal life. All three posts are 24 hours, and each is employed by one of the three Healthy Living Consortium partners. The pro-rated salary range for 24 hours is £14,388 to £16,679. Individual salaries are set by each of the partner organisations and are based on each organisation's terms and conditions.

"For two years running I've attended the CASS Network event, both times I've come away absolutely 'buzzing'! I'm a Community Development Worker and value the work that CASS does; it enables me to link up with so many organisations who want to work together to offer a great service to people in their community. CASS connects people and it's great!" - Community Development Worker, Stockwood

The **CASS Project Manager** (28 hours, £27,358 - £29,909 pro-rata) sits within Wellspring Settlement, and as the successful applicant you will lead on the development and delivery of the project, and line manage the CASS Inner City and East Networker. Your responsibilities will include developing and maintaining strategic relationships with other mental health providers, partners in the statutory and VCSE sector, Public Health, Bristol City Council, and the Clinical Commissioning Group, as well as facilitating the Bristol Mental Health Equalities Diversity and Inclusion Working Group, and other strategic networks.

"Thank you very much for your help and support in the last year. We couldn't have developed the Patient and Public Involvement Policy and loads of other stuff without you!" CCG Communications & Engagement Team

CASS is commissioned by Bristol, North Somerset and South Gloucestershire Clinical Commissioning Group, and is managed by Wellspring Settlement on behalf of the Healthy Living Consortium, a partnership of three organisations across Bristol; Wellspring Settlement in Inner and East Bristol, Knowle West Health Park in South Bristol, and Southmead Development Trust in North Bristol.

About [Wellspring Settlement](#)

We've brought together the best of two long standing community organisations to strengthen how we serve our local community. Wellspring Settlement enables our community to actively participate in positive, life-affirming activities. We offer a unique space for residents of Barton Hill and the wider area to celebrate, learn, create, develop, relax, socialise and play. From young people to the more mature, from new residents of our locality to those who have lived here all their lives, everyone is welcome.

If you are interested in the **Inner and East Networker** role, or the **CASS Manager** role, please contact info@wsb.org.uk

About [Knowle West Health Park](#)

Helping you to achieve better health and wellbeing, no matter where you are starting from. It's easier to make changes with someone cheering you on! We offer a range of services and activities for all ages, and all levels of health and fitness – basically there is something for everyone! Our main goal is to provide high quality services to prevent illness, promote good health and assist recovery after medical treatment.

If you are interested in the **South Bristol Networker** role, please contact info@knowlewesthealthpark.co.uk

About [Southmead Development Trust](#)

We work alongside residents in North Bristol to help to keep communities strong, resilient, and resourceful. Our expert teams connect with adults, children, families and community groups to offer support with physical and mental health, employment and training, area regeneration, and community business. We create and provide inspiring community spaces for events, meetings, training and business. Whether you're an individual or an organisation, we are here to help you enable growth and to support positive wellbeing.

If you are interested in the **North Bristol Networker** role, please contact info@southmead.org

How to apply

Please email an up to date CV to the relevant organisation above stating which role you are interested in, and include a covering letter that lets us know:

1. Why you want the post
2. What skills you will bring to the role

The closing date for responses is midday January 10th 2022, and interviews will be held on January 18th.
