2 Sustainable hubs for community, employment, learning and health

What this means:

- Our centres are more than buildings - they bring together people, services, and enterprise, to provide the essential infrastructure playing a vital role in the long-term health of our communities.
- Greenway is home to more than thirty groups and services, twenty employers, sports clubs, and children's nurseries; this creates a multi-use space supporting everyday community life.
- The Ranch is a vibrant hub for children and young people, with a focus on adventure and play.
- Our ambition is for our centres to continue to grow as sustainable, inclusive, and well-used community anchors - environmentally responsible, financially resilient, and offering even more connection, opportunity and wellbeing.
