What We Do

We are a community-led charity that has been at the heart of North Bristol for more than 30 years. Every day, more than 500 people come through the doors of our welcoming community hubs - for free youth and play services, crisis support, employment pathways, health, wellbeing, fitness, social groups, creative workshops and, of course, a warm, friendly cuppa.

Over 202,200 visits to our centres

Greenway Centre

We are proud to run our two thriving community hubs, Greenway Centre and The Ranch Adventure Playground and Youth Space. They are places where people come together to learn, work, exercise, get support, and to connect with each other. Our hubs are the essential infrastructure sustaining the stability of our community.

This year 202,211 visits were made to our hubs to access more than 21,966 hours of activity. We provide a home for more than 200 different community groups, organisations, or local businesses, alongside our own groups and services.

At a time of growing inequality and isolation we know that real change happens when people work together. We bring the community together to create change that matters and to make our area better for everyone. We bring in jobs and services, enable affordable homes, protect natural spaces, and create a Southmead where everyone belongs.
