Introduction

We were established in 1985 to bring the Greenway building into community ownership. Since then we have grown into a leading force for change in Southmead and North Bristol.

From transforming Greenway into a thriving community hub, to taking on the running of The Ranch Adventure Playground and Youth Space, we have worked with residents, volunteers and partners to build pride, resilience and opportunity across the area.

During the last decade we have delivered ambitious projects, including spaces from children's nurseries, a refurbished gym with 1,000 members, housing and high street regeneration plans, support hubs, youth services, digital inclusion, community events, nature-based wellbeing activities, and a wide range of groups and clubs for all ages.

In 2024 alone, our work generated more than £60 million in social value.
